# I WISH I WERE ON...

## *The* OMAR EL KHAYYAM

Enigma takes a trip down the Nile, aboard the lush and lavish Omar El Khayyam cruise.

One of the world's leading travel agencies TRAVCO, is at it again. Known for providing top-of-the-line services, accommodation and travel arrangements for their high-class clientele, they've combined all three into the state-of-the-art cruise ship known as the Omar El Khayyam. Coasting you up the largest river in the world, you'll witness a view of the Nile unbeatable from anywhere on land. As you travel from Abu Simbel to Aswan in the south of Egypt, you'll gaze upon the haunting ruins of Ancient Egypt, surrounded by the imposing beauty of the temples and statues; all of which make for a truly magical excursion.

With 80 glamorous cabins and suites fitted with the most exquisite furniture and fabrics, your Five-Star stay on the ship will leave you relaxed and refreshed after embarkation. Just what you need to be ready to take on the sites upon arrival at your destination. Of course Five-star amenities come as standard with beds fit for a king and the calm waves of the Nile rocking you to sleep.

Yet why be confined to the lush comfort of your room when you can lounge on the upper deck by a fabulous and expansive sparkling pool? Then you can escape to the lower deck for a quick pamper session with massages, saunas and steam rooms at your beck and call. The more active traveller can also hit the gym for an energetic start to your day.

Throughout the day you can enjoy a scrumptious meal in the lavish dining area or grab a few drinks at the bar. You can also stay fully connected to the outside world with complete telephone and Internet access, but most likely you'll revel in your isolated getaway of luxury and extravagance by kicking back at either of the elegantly furnished lounges designed for your enjoyment. The four days of your voyage through Upper Egypt from Aswan to Abu Simbel will not seem enough to thoroughly experience all that this enchanting ship has to offer, but luckily, you'll have another three days on your return to soak in the sun on the delicious decks of the Omar El Khayyam... a cruise ship designed for luxury. ■
